You are about to embark on a **transformational** leg in your journey **towards wholeness** when you register for **POWER AND CONTROL: THE ESSENTIAL BENEFITS**.

Former participants say:

“Amazing insights into Truth! Love! Relationships!”

“Such a powerful example to me of how and what love can and does look like”

“It is the most valuable teaching and information I have ever received.”

Since taking the seminar from Norm and Neva Quantz called “Power and Control: The Destructive Nature*” you now know what unhealthy power and control is, how destructive it has been and what you don’t want to be like. So you’re asking yourself - now what? If that isn’t love then what is it? **What does healthy power and control look like?**

In **POWER AND CONTROL: THE ESSENTIAL BENEFITS**, you will be able to:

- inspect and evaluate your old views on love
- grasp the essence of true love and how it operates in relationships
- recognize what the effects of true love look like and how you too can live like that
- own your power and control without abusing or being abused
- appraise where you are on your journey towards Mature Love
- apply healthy power and control principles to your marriage, faith, family, business, parenting, friendship relationships and more.
